

Bogdan Lesyng is professor in the Interdisciplinary Centre for Mathematical and Computational Modelling and Faculty of Physics of Warsaw University, Poland. He is also head of the European Centre for Multiscale Biomolecular Modelling, Bioinformatics and Applications (<http://www.icm.edu.pl/mamba>, <http://biogrid.icm.edu.pl/>) and President of Transferring Technology and Promoting Innovations Ltd. (<http://tppi.com.pl/>).

His specializations include computational sciences, molecular modelling and bioinformatics, complex systems. He is author of above 100 publications.

He counts several memberships: Alexander von Humboldt Society, American Chemical Society, Polish Physical Society, Committee of Biochemistry and Biophysics of the Polish Academy of Sciences, former board member in the Polish State Committee for Scientific Research and in the Polish Ministry of National Education
